

## Risk Disclosure & Legal Notice

### General Risk Warning

Trading in financial instruments, including but not limited to foreign exchange (Forex), commodities, indices, contracts for difference (CFDs), and other leveraged products, carries a high level of risk and may not be suitable for all investors. Leverage can amplify gains, but it also magnifies losses. You should not invest more than you are prepared to lose. Past performance does not guarantee future results.

### No Investment Advice

All information provided on this website—including research, analysis, performance data, charts, market commentary, and descriptions of trading strategies or algorithms—is strictly for informational and educational purposes. Nothing on this website constitutes investment advice, financial advice, portfolio management, or a recommendation to buy or sell any financial instrument. Renouveau Capital Group OÜ does not offer personalised investment advice.

### No Guarantee of Performance

Any performance examples, including historical data, forward tests, live results, or backtests, are provided solely for illustration. Financial markets are unpredictable and affected by economic, geopolitical, and liquidity-related factors. There is no guarantee that any trading strategy, algorithm, or system will achieve similar results in the future.
